## *From Our President:*

I hope you had fun at the auction. There was lots of laughter!

I continue to be impressed by the beautiful show table and the fabulous spread of food. Keep them coming! Ann was very pleased with the help provided by members last month. Many hands make for light work.

This month Steve Ski has arranged for a speaker on restrepias, interesting members of the pleurothallid alliance. According to my orchid bible: "*Restrepia* grow easily in moist, humid, intermediate to cool temperatures. Keep them continually damp in small pots and low greenhouse light or grow them under fluorescent lights. Many bloom intermittently more than once a year. *Restrepia* can be propagated by placing a leaf on damp sphagnum moss." I am looking forward to learning more about these charming plants.

Remember that the kitchen will be open from 11:00 to 12:15 allowing Ann and Priscilla to join the meeting. Desert items will continue to be available after the kitchen closes. Cash donations for the kitchen are always appreciated.

We will need items for the raffle table.

For judging, plants must be on the show table by 11:00 AM.
