President's Message

NHOS is quick approaching the time of the year when we will be begin our search for new membership on the Board of Directors. Soon to be vacant positions will be the President and Vice President as well as 3 trustee positions. I will be formally appointing a nominating committee to coordinate our recruitment efforts for these positions and I strongly encourage the membership to consider if a place on the Board would be right for you. As outgoing President, my experience has been an exciting one and not without it's challenges. The Board of Directors however has supported the strategic direction of NHOS and we collectively navigated some difficult times and achieved some very significant and rewarding outcomes. It is now time for you the membership to consider "paying it forward" and consider joining the Board of Directors as we move NHOS further along in achieving our strategic goals of increasing revenue, conservation awareness, community outreach and increased membership. As we grow our organization, the influx of new members brings new ideas to the table and the experience of our long term members brings a strong sense of corporate memory. Anyone therefore is encouraged to consider tossing their name in the ring for these very important and influential positions on the Board.

I am encouraged by the recent activities of the NHOS which have demonstrated that we continue to evolve as an organization that we should all be proud of!

Steve Tacopina
President, NHOS

**New Hampshire Orchid Society
Business Meeting April 9, 2011**

President Steve Tacopina called the meeting to order at 12:24 PM commenting on the outstanding show table.

Chuck Wingate offered that he attended the San Diego Orchid Society show. Except for the cymbidiums, our show is better.

Steve told the membership that he had good news. Since we are self-insured, the board allocated \$10,000 from the show proceeds to the snow reserve fund which previously stood at \$8,421. The show operating fund stands at \$6,836. The board also approved our hosting the International Phalaenopsis Association meeting at our regular September meeting. It should be quite exciting: Norman Fang, Carlos Fighetti and Carri Raven-Riemann will be speaking. In addition the board allocated show proceeds to make the conservation fund an even \$5,000. Jean Stefanik told the members that the conservation committee had established a grant program, approved by the board. She indicated we have a lot to offer. Steve thanked Jean and the committee for their efforts.

Jean stated that she will be going to the Fakahatchee Strand in November should anyone be interested in joining her.

Mike Matozzi indicated that WBZ TV wants to film several windowsill orchid growers in late May for Gardening with Gutner. Members who grow on windowsills are encouraged to consider this. The filming will take place in the afternoons.

Steve indicated that the Treasurer's report shows we are in great shape financially.

Commenting again on the amazing show table, Steve adjourned the meeting at 12:53 PM.

AOS Corner

By Lynn Fuller

AOS is on the move. At the members meeting held in April, it was announced that all members with email addresses would receive an invitation in early May to explore the AOS web site that has been under development which also included the new Orchids Plus program and to provide feedback. During that time, both web sites will run simultaneously. When the new site is made active you'll notice a new, fresh look to the AOS website. Its more than a cosmetic change. Along with upgrades and added material, the new Orchids Plus program will be available. If you are a current subscriber to AQ+, you will need to re-register in the new program. AOS also anticipates a 'social network' component to the website and it is currently under development.

In addition, at the Members meeting, the Board of Trustees announced that a committee has been formed to assess the future strategic partners for the AOS. Possible strategic partners are Huntington Gardens in California, Fairchild Botanical Garden in Florida and Longwood Gardens in Pennsylvania. The current AOS property in Delray is under contract for purchase and the potential purchaser is going through some local zoning change requirements. It is anticipated that sale will be completed in the last quarter of 2011.

The traditional Affiliated Societies breakfast was well attended. We had a conversation of what the AOS means to the affiliated societies and what can the societies do to further promote the AOS. The AOS reps present at the meeting asked for more communication between the AOS and the affiliated societies. The Affiliated Societies Committee members will be reaching out to the societies throughout the upcoming months with the goal of getting all the contact information corrected and updated. Does your society have any special members that they would like to recognize? If so, AOS can provide Certificates of Appreciation for your society to use in recognizing them for their outstanding achievements or contributions. If you have a need for these certificates or if you have any questions or concerns regarding the AOS in general, please feel to contact me through affiliated_societies@aos.org.
