President's Message

"A Flurry of Orchids"

Congratulations everyone What a wonderful Show!

Brenda Campbell, you, your Show Committee and the group of volunteers did it again, beautiful orchids, wonderful exhibits, the growing number of artwork, the educational exhibits and loads of people who came to see...There were many comments about the speakers, the amount of vendors and the grand amount of flowers for everyone to enjoy. I know we have made some orchid growers more excited and confident about what they have at home growing and the new babies they took home with them, as well as the new orchid grower that will be searching for all the answers on how to grow the one they dared to purchase. We gave out 24 Major Society, AOS and Orchid Digest Awards, 7 AOS Certificates for plants and 388 Ribbons given to individual plants, artwork and exhibits. Congratulations to all the winners! The weather worked well for the most part, I know I will take the rain on Sunday over the traveling to UNH and the airport in the snow on Wednesday.

Again Congratulations!!!

President's Letter (con't)

I presented Norm Selander-Carrier with the Orchid Digest Diamond Award with the advice and recommendation of the Board. Norm has been a member since 2004 and has held the offices of Trustee, President and Past President. Norm created the guided tours at the show several years ago and even to this day no matter what your growing experience may be, you can still learn a little something from him. Norm has been the auction chair and assisted in creating many exhibits at many shows including our own this year. As a member told me "Norm is always there for new members, welcoming them to the society and gives great advice" It was my pleasure and honor to present him this award. Congratulations Norm well deserved.

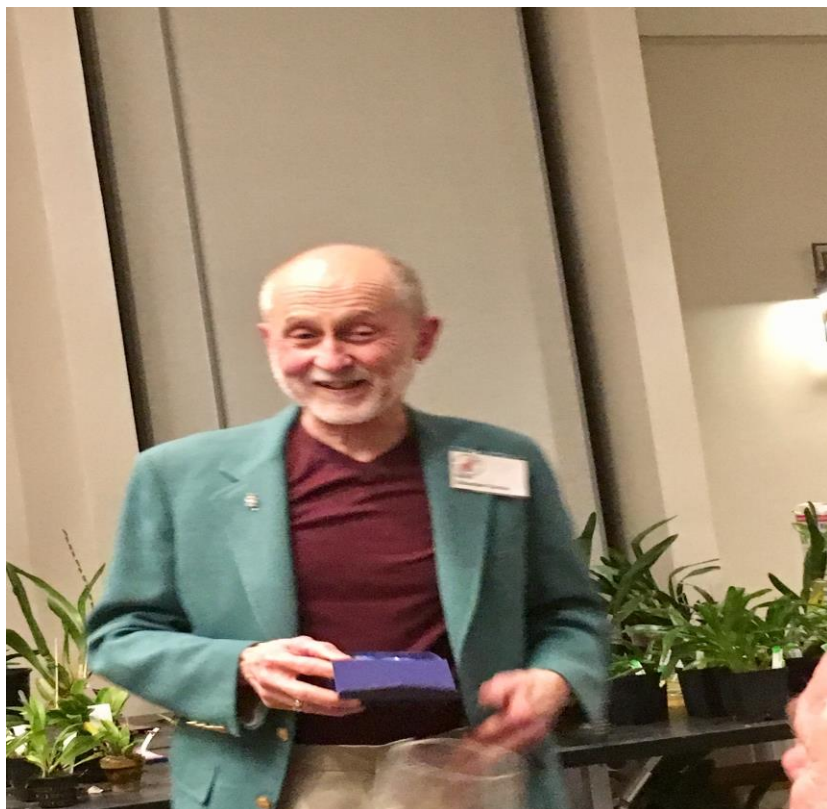

The March meeting is the New Member meeting. Let's welcome all! I am excited to see some old faces as well.

A reminder that along with hot dishes or sandwiches at our regular monthly meetings, we could use drinks such as water, soda, coffee and tea. Let's work together on this.

I would like to thank all of you who have helped set up and take down chairs at the Town Hall the last few months, it has been a great help. Hope you will think about coming between 9:45 and 10 to help set up and staying a little later to help put chairs and tables away and sweep the floor at the end of the meeting.. Thank you...

Hope to see you at the meeting.

Andrea

UNH Greenhouse Open House!

Spring is almost here! Come celebrate with us at the Thompson School Macfarlane Greenhouses during the UNH Greenhouse Open House. The Research greenhouses (13 Botanical Way, Durham Campus) will be open Friday and Saturday, March 23, and 24, 2018, and Sue Andersen and her Mom will be setting up an informational display for NHOS. Inside the main greenhouse, orchids (featuring NHOS donations) and other tropical plants will be on display, and NHOS will be conducting a repotting workshop led by Jean and Andrea using large specimen orchid plants which will be sold to benefit NHOS Conservation grants. NHOS members are welcome to volunteer either day to help with this repotting demonstration. Please contact Jean Stefanik, Education & Conservation Chair, at conservation@nhorchids.org or [603 647-1063](tel:6036471063) to volunteer a few hours. The Research greenhouses will be open from 9 am - 4 pm both Thursday and Friday, along with the Thompson School Flower Show and Plant sale (free admission but modest fee to park). The Flower show and Plant sale will also be open on Sunday March 26, but the Research greenhouses will NOT be open Sunday. To complement these opportunities, the Seacoast Home and Garden Show will be closed on Friday March 23, but open on Saturday and Sunday.

Are you a member of the **American Orchid Society** and / or ***Orchid Digest***?

I'm realizing that there may be some real benefits to the NH Orchid Society if members of NHOS indicate that on their renewals or new memberships to both AOS and OD that they are members of NHOS. Would anyone who is a member of either, please do two simple things. First, please be sure to indicate on all correspondence/renewal to AOS and OD, that you are also a member of the NH Orchid Society. Secondly, it may be helpful for us to access the benefits, if you please send me a quick email indicating which one or both that you belong to. aosrep@nhorchids.org. For those NHOS members who are NOT members of either AOS or OD, please remember that NHOS is an affiliated society of both and the monthly publications are placed in our library... and you may borrow them !

Thanks! Jean Stefanik, AOS and OD Representative
