

In Loving Memory

Alma T Ballota

July 8, 1925 – April 10, 2020

Dear Family and Friends,

This letter is to inform you that my Mom Alma passed peacefully from a long illness on Friday, April 10 at her home with her family by her side.

Mom was a loving wife of over 70 years. I could not have asked for a better Mother for myself and Grammy for Paul.

Mom was an Incredible Woman and true friend to all who knew her. Words cannot express how special she was to me and my family. Growing up she was involved in everything I did from hand making felt stockings for all my classmates to being a Cub Scout Den Leader, her kindness was felt by all.

Her hobbies and interests included Art, Orchids, Geography, Music and most of all she loved Opera and the Vienna Phil Harmonic Orchestra. She was extremely smart and the classiest lady I have ever known, always dressed and presented herself with grace and poise.

Mom Loved Dogs! She had many over the years.

She was admittedly a chocoholic – you could give her a box of chocolates and it would be gone by the next day!!!

Mom and my wife Donna loved each other from the moment they met and had a very special relationship. Donna assisted with taking her to her doctor appointments and assisting with meals and housekeeping which I know my Mom truly appreciated.

No one would have ever known just how sick my Mom was over the past few years because she NEVER complained about anything. She counted her blessings and faced every day with a smile and positive attitude. Truly an Amazing Woman!

Mom and Dad were world travelers who made friends wherever they went and still keep in touch with some of them to this day.

Due to the circumstances and my Mom's wishes for privacy, we will be having a small private ceremony.
